Dear Recruitment Manager,

As a recent Life Choices | Codespace Junior Web Developer, I herewith seek an opportunity to increase my experience levels as well as for growth in the practical environment.

I'm a friendly, polite, honest person with a positive attitude who works in a creative manner. I aim to ensure that I meet all requirements and am very determined to deliver tasks to the best of my ability.

I work efficiently and handle all task given in a professional manner. I enjoy new challenges and constantly seeking to increase my knowledge.

I pride myself for being a fast learner and following high goals I set myself doing my best to achieve them. I pay attention to detail and organize all my priorities.

Communication, interpersonal, team work and problem solving skills and time management are some of the key skilled I have obtained during the years of my studies.

My actions are focused and I make every effort in understanding what needs to be done.

Thank you for taking the time to go through my resume. I look forward to hearing from you.

Yours Faithfully,

Naasik kamish
